Give them a trial.CITY COUNCIL HOLDS LONG SES-
SION.

The city lawmakers have at last got down to work. At the meetings held this week, there were night and day sessions at which some very important business came up for consideration. Many bills were submitted for the first reading and a memorial to the State Legislature will be presented. Some changes were suggested in the charter. The night session consumed about three hours, which is a long one for the city fathers to have to work. The important work of the council is shown in the number of bills presented.

Proceedings in Detail.

Following the convening of the Council and the reading of the Mayor's message and the report of Recorder Bauman, the following measures came up on final reading, there being no second reading bills:

Closing a portion of the Benedict street and portions of alleys in East Nashville, and extending Fourth street to Hitch street. Passed.

Abandoning five feet of ground on Forrest avenue between Fourteenth and Fifteenth streets. Passed.

Amending section 889, Price & McConico's Digest. This extends the stock ordinance so as to include the Thirteenth Ward. Passed.

The following bills came up on first reading:

Appropriating \$800 to have enumerated the scholastic population of the city.

Appropriating \$4,000 to purchase coal for schools.

Appropriating \$4,750 to purchase school furniture.

Appropriating \$660 to have school scavenger work done.

Appropriating \$1,500 for building an addition to the Carter School.

Appropriating \$2,500 for heating and ventilating apparatus for Elliott School.

Appropriating \$10,000 for purchasing land and erecting a school building for colored children in the Eighth Ward.

Appropriating \$16,100 out of the Light Department to purchase coal for the light plant.

Appropriating \$36,000 out of the Water-works Department to purchase coal for the pumping station.

Making it unlawful to sell or give away morphine except upon a certificate from some licensed physician.

Furnishing free water for the Carnegie Library.

Providing for the equipment of street cars with fenders.

Providing for the display of red lights on rear end of street cars.

Regulating sidewalks.

Specifying the distance at which one street car may follow another.

Providing for stopping of street cars at signal of passengers.

Bills on Introduction.

The following new bills were introduced:

By C. W. Bailey—Providing that the provisions of an ordinance restricting

the retailing of intoxicating liquors within certain territory of the City of Nashville shall not apply to manufacturers of beer or other liquors, and that such manufacturers may manufacture and sell their products at their several manufactories and breweries wherever located. Provided, however, that no such manufacturers or brewers shall tittle their products at their said places of business.

By E. M. Wrenne—Amending sections 878, 879, 882 and 883 of Price & McConico's Digest so as to include certain properties of oil companies.

By F. J. Ehrhart—Regulating sale and manufacture of sausage.

By F. J. Ehrhart—Regulating sale of foods and condiments.

By Gus A. Blodau—Closing portion of alley No. 505.

By C. W. Bailey (resolution)—"That it is the sense of this Council that the enactment by the General Assembly of a bill known as Senate Bill No. 90, entitled 'An Act to prohibit the manufacture of spirituous, vinous or malt liquors in all territory within the State of Tennessee where the sale of such liquors is prohibited by law, and provide the penalties for the violation of this act,' is unwise and inopportune and will work great hardship and loss unnecessarily, and the General Assembly is requested to defeat said act. Adopted."

Legislative Committee.

Mr. Baskette called attention to the fact that a Legislative Committee had been appointed by the Council; that the committee had met and made certain recommendations to the Davidson County delegation. He asked that the committee be allowed to report, and this report was taken up and adopted by the Council and its provisions, with minor amendments, will be presented to the Davidson County delegation embodied in the memorial. The provisions of the report follow:

Changing charter so that the City Judge be eligible to re-election. Adopted unanimously.

Recommending that salaries of the Police Judge be increased to \$2,000; the Chief of Police, \$2,500, and the Chief of the Fire Department, \$2,500. This section was amended by Councilman Wrenne to make the Chief of the Fire Department's salary \$3,000 and voted on separately. The amendment was adopted by a vote of 14 to 11.

The salaries of the Police Judge and Chief of Police were then taken up separately also and the section was adopted after two motions changing the Chief of Police's salary to \$2,000, then to \$3,000, had been tabled.

Increasing powers of City Council to enable it to investigate any of the municipal departments. Adopted by a vote of 22 to 3.

Extending Mayor's term of office four years. Mr. Ehrhart moved that this section of the report be rejected, but the motion failed by a vote of 16 to 9. The section was then adopted by a vote of 16 to 9.

On motion of Mr. Schardt the section was amended to make the Mayor's salary \$7,600 per annum.

Protesting against any change in present powers of the Board of Public Works. Adopted.

Recommending that the assessment of taxation against the Cumberland Telephone & Telegraphic Company and the Nashville Railway & Light Company be put back in the hands of the City Tax Assessor. Adopted.

Civil Service Resolution.

Mr. Bailey introduced a resolution to which many absurd amendments were offered, providing for the extension of the Civil Service Commission's jurisdiction, as follows:

"Whereas the General Assembly of Tennessee, recognizing the merits of such a system (the Civil Service System) saw fit by section 10, chapter 26, Acts of 1901, to extend the power of such commission, so as to give it jurisdiction over all employees, except common laborers, of the waterworks and lighting departments of said cities as to punishment and discharge for cause; and,

"Whereas, there are other employees in municipal departments who, in the judgment of this body, should be placed under the jurisdiction of the Civil Service Commission as to punishment and discharge for cause; to-wit: The Secretary of the Board of Public Works, the Superintendent of the Scavenger Department, the Superintendent of the Street Department, the Superintendent of the City Hospital, the Superintendent of the Sprinkling Department and Work-house Keeper.

"Be it therefore resolved by the Mayor and City Council, That it is the sense of this body that the employees above named be placed under the jurisdiction of the Civil Service Commission as to punishment and discharge for cause, and that such a change will greatly promote the efficiency with which the duties of their respective offices are conducted, and will thereby promote the welfare of the city.

"Be it further resolved, That a memorial embracing this resolution be drawn and presented to the General Assembly of Tennessee petitioning that the charter of the City of Nashville be so amended as to extend the provisions of the civil service law to the officials hereinbefore named."
